

The 2011-2012 Maryland Official Highway Map

This map shows Interstate routes, U.S. marked highways, State primary and secondary highways and main county highways. Interchanges, reservations, wildlife areas, forests and parks, State Police barracks, airports, colleges, universities and mileage between towns and/or intersections are indicated. Approximately 1,100 towns and places are shown. Boundary lines for each of Maryland's twenty-three counties and enlargement insets for the Baltimore and Washington areas and major cities are also shown. The map also highlights points of interest, tourist attractions, historical sites and museums. The colors used on the map were chosen to be accommodating for people with color vision deficiency (color blindness) as well. This map was designed specifically to celebrate the Bicentennial of the War of 1812.
